Groups Make Good Advances

NEW YORK, March 23.—Trading in the stock market today was unusually active and diversified. Favorites in the industrial and special groups made extreme gains of 2 to 6 points. Sales approximated 1,209,000 shares.

Oils and motors contributed largely to the firms tone of the stock market at the active opening of today a session. Atlantic-Guif and Kelly-Springfield Tire soon rose a point or more, similar advances being made by Republic from and Relail Stores. Facific Oil, one of voster day's features, also moved moderately upward, as well as General Asphalt, Mexican Petroloum, Endicott-Johnson, Westinghouse Electric and May Department Stores. The only important recossions were made in New York Central, Royal Dutch and Sears-Roebuck.

Materially higher prices were made by oils, motors, allied special-les and many miscellaneous issues during the lively furencon. Studebaker, Pierce-Arrow preferred. Ajax, Lee, United States Eubber, Stromberg Carburetor and Boxch Magneto scored extreme gains of 2 to almost five boints. General Asphalt, Mexican Petroleum. Royal Dutch and Associated and Invincible Oils gained 1 to 13. Shippings rose 1 to 2 points and steels and equipments shared to a like extent. Ralls falled to show and animation, however, and the only conspicuously weak stock was Sears-Roebuck, which lost four points. Call money again opened at six and a half per cent.

Shorts were completely icuted later when call money declined to 6 per cent. Final prices were it o almost 2 points under their best, however, an profit taking. The closing was easy.

CHICAGO GRAIN.

CHICAGO March 23.—Strength devoloped in the wheat market today after a hesitating start. Talk of export business with Greece tended somewhat to encourage bulls. It was also said that exporters had purchased a good part of the available sumply of durum wheat at the head of the lakes. Onening prices, which ranged from \$4c\$ decline to \$4c\$ advance, with March \$1.51\$, and May \$1.42\$; to 1.43\$, were followed by a moderate sag and then by upturns all around to well above yesterdays finish.

Corn swayed with wheat. After opening \$4\$ to \$6c\$ higher, including May at \$5\$\$\frac{1}{2}\$ to \$5\$\$\frac{1}{2}\$ to \$6\$\$\frac{1}{2}\$ to \$6\$\$\frac{1}{2}\$ to \$1\$ not higher, including May at \$6\$\$\frac{1}{2}\$ to \$6\$\$\frac{1}{2}\$ to \$6\$\$\frac{1}{2}\$ to \$1\$ not higher, including May at \$6\$\$\frac{1}{2}\$ to \$6\$\$\frac{1}{2}\$ to \$6\$\$\frac{1}{2}\$ to \$1\$ and then weakened somewhat but soon railled.

Provisions were dull and thregular owing to uncertainty over labor troubles. Later wheat sentiment turned bearlah owing largely to absence of export call and to assertions that British government holdings would be sufficient for all Brit ish requirements to the end of the season. Prices closed heavy 1\$\frac{1}{2}\$ in 1\$\frac{1}{2}\$ ent lower, with March \$1.55\$\$ and May \$1.41\$\$ to 1.41\$\$.

Subsequently, the corn market flattened out when wheat became decressed. The close was nervous, 1\$\$\$\$ to 1\$\$\frac{1}{2}\$ not lower, with May \$63\$\$\$\$ to \$64\$.
